

High-Efficiency Equipment Rebates

Elizabethtown Gas offers rebates in conjunction with New Jersey's Clean Energy Program (NJCEP). By installing high-efficiency equipment, you can reduce your home's energy consumption and lower your monthly energy bills.

		Rebates from Elizabethtown Gas	Rebates from NJCEP	Total Cash Back
Furnace				
• \geq 95% AFUE*		\$250	\$250	\$500
• \geq 97% AFUE		\$250	\$500	\$750
Boiler				
• AFUE \geq 90%**		\$300	\$300	\$600
Water Heaters				
• Tankless, On-Demand <2 gallons & UEF 0.81 or greater		\$200	\$300	\$500
• Tank, Power-Vented <55 gallons & UEF 0.64 or greater or >55 gallons, TE 90% and UEF 0.85 or greater		\$100	\$300	\$400
Furnace + Water Heater				
• \geq 95% AFUE furnace + qualifying water heater		\$450	\$700	\$1,150
• \geq 97% AFUE furnace + qualifying water heater		\$450	\$950	\$1,400
Boiler + Water Heater				
• \geq 90% AFUE boiler + qualifying standalone water heater		\$500	\$700	\$1,200
• \geq 90% AFUE boiler + indirect water heater attached to a qualifying boiler		\$500	\$700	\$1,200
• Integrated water heating and boiler unit (combi boilers)		\$500	\$700	\$1,200

*AFUE = Annual Fuel Utilization Efficiency, +EF = Energy Factor Heat pump water heater rebates are applicable to the New Jersey Clean Energy Program only.

**Steam boilers do not qualify for rebate

Effective May 1, 2017. Restrictions apply. See elizabethtowngas.com/energyefficiency for Terms and Conditions and njcleanenergy.com for WARMAdvantage details.

Our rebates are an enhancement to WARMAdvantage rebates from New Jersey's Clean Energy Program (NJCEP) for the purchase and installation of high-efficiency natural gas equipment. That means getting your Elizabethtown Gas rebate is as easy as it gets: once you apply for your NJCEP WARMAdvantage rebate, we check if you're eligible for a rebate from us. If you are, we send you a rebate check automatically - no second application needed.

Together, Elizabethtown Gas and New Jersey's Clean Energy Program can help you save money with rebates and realize on-going savings from lower energy bills with high-efficiency equipment.

Follow Three Simple Steps to Receive Your Rebate:

1. Find a qualified contractor

- Visit elizabethtowngas.com/energyefficiency to find a qualified contractor

2. Purchase and install

- Read our Terms and Conditions prior to purchasing your equipment
- Hire a qualified contractor to perform the installation

3. Apply for your rebates

- Visit njcleanenergy.com/rebates to submit an online WARMAdvantage rebate form
- If your WARMAdvantage application is approved, NJCEP will notify us and we will process your Elizabethtown Gas rebate automatically
- Allow 8 to 12 weeks for rebate processing
