

## NOTICE OF PUBLIC HEARINGS

### IN THE MATTER OF THE PETITION OF ELIZABETHTOWN GAS COMPANY TO (1) REVISE ITS WEATHER NORMALIZATION CLAUSE RATE; (2) REVISE THE CLEAN ENERGY PROGRAM COMPONENT OF ITS SOCIETAL BENEFITS CHARGE RATE; AND (3) REVISE ITS ON-SYSTEM MARGIN SHARING CREDIT BPU Docket No. GR20070501

On July 31, 2020, Elizabethtown Gas Company (“Company” or “Elizabethtown”) filed a petition with the New Jersey Board of Public Utilities (“Board”) in Docket No. GR20070501 to revise its Weather Normalization Clause (“WNC”), the Clean Energy Program (“CEP”) component of its Societal Benefits Charge (“SBC”), and its On-System Margin Sharing Credit (“OSMC”). The Company petitioned the Board to establish a WNC rate of \$0.0171 per therm to recover a deficiency balance of \$5.5 million, a CEP rate of \$0.0280 per therm to recover CEP cost responsibility amounting to \$13.2 million, and an OSMC credit rate of \$0.0020 per therm for an adjustment to margin contributions amounting to \$0.6 million, inclusive of taxes, to be effective October 1, 2020. The WNC allows the Company to implement surcharges or credits during the months of October through May to compensate for weather-related changes in customer usage from the previous winter period. The CEP component of the SBC recovers the costs of statewide energy efficiency and renewable energy programs mandated by the Board. The OSMC rate is designed to flow back the margins received from on-system sales and transportation services to the Company’s firm customers. The proposed rates are subject to Board approval and may be higher or lower depending on the Board’s final determination and the date on which such rates are made effective. A comparison of the Company’s current rates to the proposed rates is as follows:

	<u>Current Rates per Therm</u>	<u>Proposed Rates per Therm</u>
<b>WNC</b>	\$0.0000	\$0.0171
<b>CEP</b>	\$0.0213	\$0.0280
<b>OSMC</b>	<u>(\$0.0015)</u>	<u>(\$0.0020)</u>
<b>Total</b>	\$0.0198	\$0.0431

The combined effect of the Company's filing to a residential customer using an average of 100 therms per month, compared to rates currently in effect, is as follows:

Average Monthly Consumption in <u>Therms</u>	<u>Present Bill July 1, 2020</u>	<u>Proposed Bill</u>	<u>Proposed Increase</u>	<u>Percent Change</u>
100	\$106.14	\$108.47	\$2.33	2.2%

Any assistance required by customers in ascertaining the impact of the proposed rate increase will be provided by the Company upon request.

Copies of the Petition are available online at Elizabethtown’s website: [www.elizabethtowngas.com/rates-and-tariff](http://www.elizabethtowngas.com/rates-and-tariff) under Regulatory Information.
